PARTNERING FOR IMPACT, GROWTH, AND VISIBILITY

INTRODUCTION

WELCOME TO A STRATEGIC PARTNERSHIP

We are pleased to present the 2nd World Summit on Medicinal Chemistry and Drug Delivery (MEDCHEM-2026), scheduled for June 24–26, 2026, in Rome, Italy. This global forum will bring together top researchers, industry leaders, and professionals to discuss the latest innovations and challenges in drug discovery, medicinal chemistry, and delivery technologies.

As a sponsor, you'll have the opportunity to engage with a focused international audience, build brand visibility, and showcase your commitment to scientific advancement. MEDCHEM-2026 offers a platform to network, collaborate, and connect with key stakeholders driving the future of pharmaceutical sciences.

ABOUT THE EVENT

A PLATFORM FOR ENGAGEMENT AND INFLUENCE

MEDCHEM-2026, the 2nd World Summit on Medicinal Chemistry and Drug Delivery, will take place from June 24–26, 2026, in the vibrant and historic city of Rome, Italy. This international conference will bring together scientists, researchers, pharmaceutical companies, and healthcare professionals to explore cutting-edge developments in drug design, bioactive compounds, nanomedicine, and advanced drug delivery systems.

The summit offers a unique platform for knowledge exchange, showcasing innovation, and fostering collaborations across academia and industry. With keynote talks, technical sessions, panel discussions, and poster presentations, MEDCHEM-2026 aims to accelerate global progress in pharmaceutical sciences while providing sponsors exceptional visibility and engagement opportunities.

EVENT OBJECTIVES

MEDCHEM-2026 aims to foster global collaboration among researchers, scientists, and industry leaders by providing a platform to share the latest innovations and breakthroughs in drug design and delivery. The event encourages interdisciplinary dialogue across academia, biotech, and pharmaceutical sectors, supports emerging researchers through networking and recognition opportunities, and promotes strategic partnerships that drive progress in therapeutic development.
