

WGCEES-2026 | TENTATIVE PROGRAM

Thursday June 25, 2026

09:00-09:30	On Spot Registrations	
Conference Chair	Jianmin Chen, Fudan University, China	
Conference Co-Chair	Damia Barcelo, University of Almeria, Spain	
09:30-10:15	Title: Tire antioxidants and their quinone derivatives in Megacity Aerosol	P
	Conference Jianmin Chen, Fudan University, China	
10:15-10:55	Title: Environmental Proteomics and Non-target Metabolomics for Wastewater Based Epidemiology	P
	Conference Co-Chair Damià Barceló, University of Almeria, Spain	
10:55-11:35	Title: Environmental Fates of Emerging Contaminants: Ozonolysis and Hydroxyl Radical Oxidation	P
	Xinke Wang, Fudan University, China	
11:35-11:50	Coffee Break	
11:50-12:35	Title: Our Future Path towards the Sustainable Removal of PFAS from Drinking Water	P
	Irene Lo, The Hong Kong University of Science and Technology, Hong Kong	
12:35-13:10	Title: Chemical transformation of organosulfates (OSs) in the atmosphere - Implications for unidentified OSs and the form of sulfur in atmospheric aerosols	K
	Chan Man Nin, The Chinese University of Hong Kong, China	
13:10-13:15	Group Photo	
13:15-14:15	Lunch Break	
14:10-14:40	Title: Porous graphene-assisted dynamic Pd catalysis for superior hydrogenation of lignin-derived vanillin and raw bio-oil	K
	Shicheng Zhang, Fudan University, China	
14:40-15:05	Title: Design, Production, Installation, Commissioning, Energy Management and Project Management of an Energy Park Plant Consisting of Renewable Energy Systems Established at Iğdir University, Turkey	V
	Emin Taner Elmas, Iğdir University, Turkey	
15:05-15:35	Title: Dermal Exposure to Chemicals of Emerging Concerns Resulting from Direct Contact with Consumer Products	K
	Abderrazak Hamzaoui, Ceo Hama Consultin, Maroc	
15:35-15:50	Coffee Break	

15:50-16:20	Title: Bioremediation in Aquatic Environments:Revitalization Techniques In Water Bodies	K
	Danniela da Cal Scott, Fluminense Federal University, Brazil	
16:20-17:00	Title: Nanobubble-based geoengineering methods for eutrophication control: harnessing harmful algal blooms (HAB) for Integrated Water-Energy-Food Products	P
	Gang Pan, York St John University, United Kingdom	
17:00-17:30	Title: Sustainable Valorization and Upcycling of Plastic Waste	K
	Xuefeng Jiang, East China Normal University, China	
17:30-18:00	Title: Green-insecticides: An alternate towards healthier and safer environment	K
	Meera Srivastava, Maharaja Ganga Singh University, India	
18:00-18:30	Title: Dermal Exposure to Chemicals of Emerging Concerns Resulting from Direct Contact with Consumer Products	K
	Ying Xu, Tsinghua University, China	
End of the Day
